Monthly General Membership Meeting

Recovery Homes in Newport Beach

What's the latest with recovery homes in our city? Do we really have more homes than other cities? What is the City government doing about these homes? How does state and federal law affect the City's actions on recovery homes? Why has the City been sued about the way it has addressed the homes -- and sued from both sides? Is there a path to a more sensible way of regulating these homes to protect the residents within them and keep the secondary effects of some of the homes from dominating our neighborhoods? Questions and answers will follow the presentation by Dave Kiff, Newport Beach Assistant City Manager.
